

Early On

Attention Clarenceville parents. Do you have a child who is *birth to 36 months old* and you feel your child has special needs? Your child might qualify to receive free services through the Early On Program.

Early On is a federally funded and mandated collaborative. This program represents parents, education, the Family Independence Agency, the Community Mental Health Authority, and Oakland County Public Health for children and their families with suspected or documented special needs from birth to 36 months.

Put your mind at ease, and give your child the help he or she may need by calling Oakland Early On at 248.209-2084 or toll-free at 866-456-2084. Or visit the Oakland Schools website:
